

INVITATION

USAID
FROM THE AMERICAN PEOPLE

Launching Event

Background

The Transcultural Psychosocial Organization (TPO-Cambodia) has implemented the Former Khmer Rouge (KR) and Victim-Survivor Dialogue Program under the Truth, Reconciliation, and Healing Project. This project is made possible by the generous support of American People through United States Agency for International Development (USAID).

On 23rd of May 2016, TPO and USAID will be holding the premier launching event of a short documentary film on the first pair of former KR members and a victim-survivor who participated in the dialogues. The film summarizes the processes and achievements of the participations.

The goal of the Former KR and Victim Survivor Dialogue Program is to create a more secure environment for former KR members and victim-survivors, whose relationships were ruptured by the KR regime and civil war, so that they may be empowered to confront their past histories and find positive ways of moving forward together. Thus, the Program's aim is to create better understanding and relationships among former KR members and victim-survivors.

For more detailed information of the Premier Launching Event, please see the attached agenda
